The La Crosse baseball team is giving the Beloit fellows a hard rub at the La Crosse street grounds this afternoon, despite the unfavorable conditions. With a wet field the teams are playing remarkable ball and the crowd which turned out to see the game was not disappointed.

Tomorrow's Game Best of Series.

The greatest game which will be played on the diamond for some time will be witnessed by those who attend tomorrow's ball game.

Pitted against Aiken of Racine, the only "spit" ball artist of the league, little Dodge, the star pitcher of the

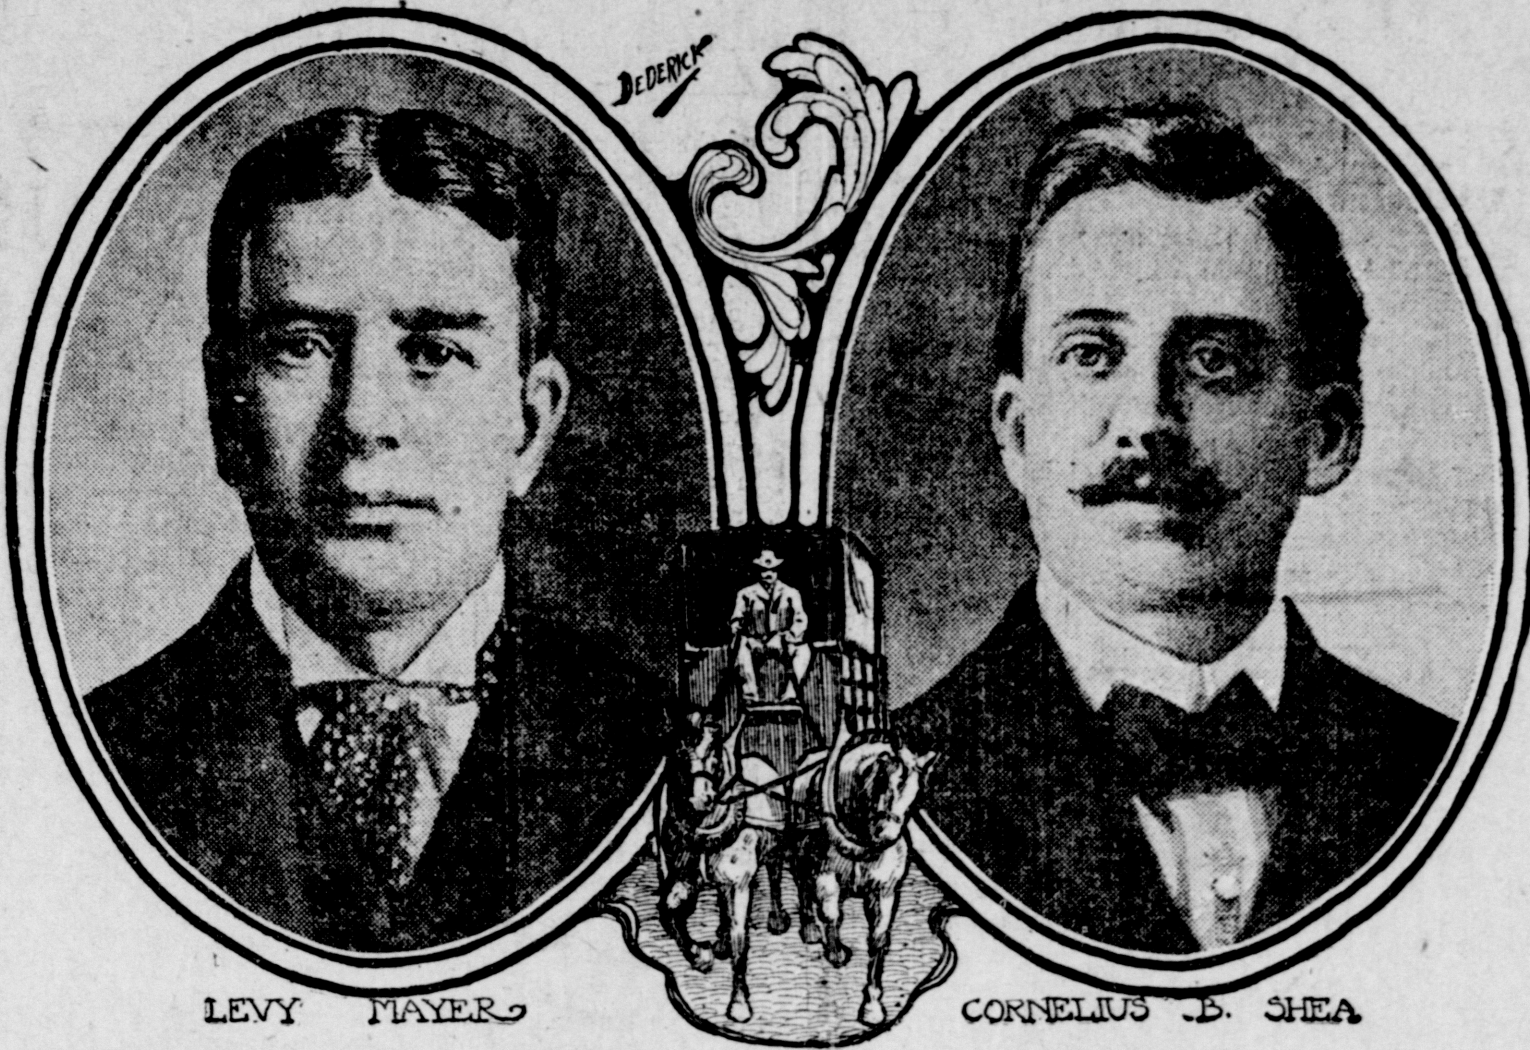

local club, is expected to do wonderful work, and a close game is predicted on which scores of bets have already been placed.

For the benefit of such as do not like the crush at the game the management has reserved 400 seats which will be numbered and set aside. These seats can be purchased at the downtown stands at any time for 50 cents.

Two Games Decoration Day.

There will be two games Decoration day, one at 10:30 a. m. and one at the regular time in the afternoon. These will be the last of the series with Beloit and are expected to be lively ones.

BLACK RIVER FALLS RAILWAY PROJECT NOT DEAD

Report Says Work Will be Started in July--President Tourtelotte Not so Confident

The La Crosse and Black River Falls project is by no means a dead issue. A dispatch from Black River Falls to the Tribune today says that active plans are being made for laying the La Crosse and Black River Falls interurban railway this summer and that as soon as the crew which is now working on the La Crosse and Southeastern, has finished its work, which will be about July 1st, it will be put to work on the La Crosse and Black River Falls line.

Plans for active work on the road

are said to be almost complete, and have been accepted by the officers who are located in La Crosse.

Mills Tourtelotte, the president of the La Crosse and Black River Falls company, when seen today would neither affirm nor deny the report. "The La Crosse and Black River Falls is by no means dead," said Mr. Tourtelotte. "But then it is not very live either." Mr. Tourtelotte admitted that the company was doing something, but said that as far as he knew nothing will be done this summer.

SPECIAL SESSION DELAYED; MAY BE DROPPED

(Scripps-McRae Dispatch.) WASHINGTON, May 27.—The president is seriously considering the postponement of the date promised for the extra session of congress from the middle of October until a month later. Senator Cullom who called on the president this morning said that he did not believe that there would be an extra session until after the fall elections, if at all.

Little Sign of Serious Conflict Yet

(Scripps-McRae Dispatch.) TOKIO, May 27.—Oyama reports: "On May 25th our cavalry in driving a body of Russian cavalry north-easterly, occupied Hsumiencheng, 18 miles north of Changtu. Otherwise with the exception of small collisions between detached parties the situation is unchanged."

JURY FAILS TO AGREE ON VERDICT IN FLOOD CASE

The jury in the case of E. Bousack vs. the Chicago Milwaukee and St. Paul railway company, brought in this morning that they were unable to agree upon the liability of the company for alleged damage to the complainant's lands near the Burlington tracks said to be caused by the changing of the course of the La Crosse river by the railway company.

The jurors were discharged until Wednesday.

The case of Eline Hawkins, against the railway companies was taken up this morning. The court and attorneys yesterday viewed the premises and the plaintiff began the presentation of testimony today. The case is very similar to the Bousack case and may last several days.

ATTEMPT TO DYNAMITE BRIDGE FAILS

EXPLOSIVE STRIKES A HIDDEN LOG

(Scripps-McRae Dispatch.) NEW YORK, May 27.—A desperate but unsuccessful attempt was made at 1:30 this morning to blow up the new Pennsylvania railroad drawbridge over the Hackensack river. The dynamite was placed on a raft which was allowed to float against the bridge but instead of striking the center pier as intended it struck a hidden log and exploded. This attempt followed several letters threatening President Cassett with death together with destruction of railroad property because of the refusal of the company to employ iron workers affiliated with the Sam Parks gang.

PLATT TAKES HAND

Express Magnate Calls Employers; Lawyer On Strike

(Scripps-McRae Dispatch.) CHICAGO, May 27.—The action of the building trades' association in discontinuing its contributions to the teamsters' strike fund is regarded as a serious blow to the teamsters in the conduct of the strike. The withdrawal of support is said to be due to a controversy between the teamsters and structural iron workers who claim the teamsters are in the habit of handling iron after delivery, when they should be turned over to the other union. Aside from a few small concerns there was no material extension of the strike today.

The attorneys for the unions are preparing to ask a writ of habeas corpus for James H. Donahue and Bernard Mulligan the two union men sentenced to jail for contempt in refusing to answer questions.

The examination of President Shea was continued by Master in Chancery Sherman to Monday.

There are no signs of a settlement.

Platt Makes Move.

Attorney Levy Mayer, representing the employers, left today for New York on business in connection with the strike. It is reported on good authority that Mayer was summoned by Senator Platt and that the messages a determined campaign against the union express drivers by the express companies.

The Employers' Teaming company and State street department stores today notified Chief O'Neill that they would refuse to accept any more negro policemen as guards for their wagons, as negroes draw attacks from mobs.

O'Neill decided to bar colored men hereafter.

What Is Expected.

The chairman of the committee has sent a circular letter to members of the local lodge which is in itself explanatory. It is in part as follows: "The Madison lodge, B. P. O. MILLION DOLLARS IN DAY

Appropriations Aggregate That At Madison Today

(Tribune Special Dispatch.) MADISON, Wis., May 27.—More than a million dollars in appropriation bills were passed in the legislature today, the senate passing under a suspension of rules the university appropriation bill for 2-7 of a mill, or about \$630,000 a year, and other smaller bills and the assembly passing the tuberculosis sanitarium measure to appropriate \$90,000 for a consumptive hospital.

The warring elements on the mortgage taxation bill in the assembly entered into a temporary truce and allowed business to proceed without renewing the call of the house that locked the doors last night.

By sharp parliamentary practice Senator Rohrer succeeded in calling up a motion to reconsider the vote of Friday, killing the Milwaukee fire and police "hearing before discharge" bill, and that measure was finally and forever killed.

BREAKS BOY'S NOSE WITH A SINGLE BLOW

Because, it is alleged, Fritz Burrow assaulted a minor named Camille Normandin Thursday afternoon and after severely beating him struck him and broke his nose, he was brought before Judge Brindley this morning charged with assault and battery. Burrows pleaded not guilty and the case was continued until Wednesday morning at 10 o'clock.

Will Settle Printing
Controversy on
Monday

A special meeting of the common council has been called for Monday evening at the council chamber in the city hall, for the purpose of completing the fight on the printing contracts. Bids will be presented from the La Crosse Leader-Press and the Abend Stern. The bid of the Abend Stern is about half that of the Leader-Press and also includes the publication of the work in two dailies, with double the circulation of the Leader-Press. These are the Tribune and the Abend Stern.

It is said today that our city attorney, Paul W. Mahoney, will make a loud fight for the Leader-Press Monday evening.

FATHER OF A. AND
A. GILBERTSON
IS DEAD

A cablegram was received this afternoon by Al and Andy Gilbertson of this city stating that their father, Gabriel J. Skrede, died this morning at his home at Jolster, Sondfjor, Norway, at the advanced age of 82 1/2 years.

The message did not state the cause of death but Mr. Andy Gilbertson who visited his home a year ago says that it must have been caused by heart disease or some sudden illness as they have had no notice of his illness, and he was an unusually strong and healthy man despite his advanced years.

Four sons survive the deceased in this country. They are Al Gilbertson, Andy Gilbertson and Gabriel Gilbertson of this city and John Gilbertson of Minneapolis.

COUNCIL MEETING
TO CONSIDER
SCHOOLS

The meeting of the council Monday evening will be one of the most important of the year. Besides considering the printing matter and awarding the contract for the city work the council will go over the new High school plans and examine them in detail.

Reports will also be presented by the board of public works with regard to proposed water and sewer extensions, and the council will be asked to vote on the Gund sewer proposal, wherein the Gund Brewing company has volunteered to construct a channel from the southeastern part of the city to Swift Creek, in case the city will defray \$1,000 of the cost, which altogether amounts to over \$3,000.

SCANDINAVIAN SINGERS
FAIL TO STOP

The Scandinavian singers, from the University of Christiania who were to have come to this city according to plans arranged by the Norden society, will not touch La Crosse but went directly to Red Wing, Minn.

Attorney O. R. Skaar, one of the leaders in the movement to secure a concert here, said today that the action of the singers in passing by La Crosse was caused by one of the members notifying their manager that La Crosse would not guarantee them anything. Mr. Skaar says that the society is very much put out over the failure to secure the concert here, as a large attendance could easily have been secured.

Mr. and Mrs. O. R. Skaar, Mr. and Mrs. Dr. A. Gunderson and Dr. Christensen and sister will leave this evening for Red Wing where they will attend the concert to be given at that city.

Safe Blowers' Trial on

Marshall Whitbeck of Oshkosh has returned from Lancaster, Wis., where he attended the preliminary hearing of Albert Klein and Glen Messner charged with attempting safe blowing.

The two men who were arrested at Oshkosh a short time ago attempted to blow open a safe in a general store at Cassville. Having only black powder for the work they were unsuccessful.

They left the tools which they had stolen at a Cassville hardware store lying about the safe when they went. It was by these that they were identified and later arrested.

A large number of the railroad men of this city are in Minneapolis today where they will attend the funeral of the late J. O. Pattee.

From here he went on the Great Northern and then to St. Louis, coming a short time ago to Minneapolis where he met with an accident and fell down stairs, receiving injuries from which he never recovered.

FEAR CITY WILL LOSE THE BIG
SAENGERFEST BY ITS
INACTIVITY

Nothing has been heard from the committee on buildings and grounds, to whom was referred the petition of the Normanna Sangerkor of this city for the use of the building in Myrick park for the 1906 Sangerfest, so it is possible that La Crosse will lose the 1906 Sangerfest.

Colonel N. R. Nelson who is at the head of the committee which was appointed to look after the building, said today that unless this committee makes a report and the council assures the singers that this structure can be had, the local society will be forced to turn down the Sangerfest proposition at the convention of singers which will be held here next Saturday.

The singers have looked about for other available structure, but none has been found, with the exception of the one at the fair grounds which could anywhere near accommodate the convention. This building, however, is undesirable owing to its gables and wings which would not permit the singers erect a stage in view of the audience.

In case the Sangerfest cannot be had for La Crosse it will go to Minneapolis, which city is making a vigorous effort to get it.

A NIGHT IN JAPAN
AT THE BIJOU

One of the leading attractions at the Bijou vaudeville theatre beginning Monday will be "A Night in Japan," by the Lakolas, known throughout the country as the American Japs. This should be an exceptionally interesting act owing to the present general interest in everything pertaining to Japanese.

Other good features are: J. R. Kerr, in the beautiful patriotic song, "The Land of the Red, White and Blue," a song very timely for Memorial week; Frank Clayton, a celebrated monologist and musician; Kittie Stevens, a character comedian and dancer, is a pretty soubrette; the Two Fantas present a novelty act, introducing a trained pig, "Mike." The moving pictures introduce a sensation entitled "A Trip to the Moon."

SYSTEMIC CATARRH **SO LITTLE UNDERSTOOD**

Claims Many Thousands. A Tragedian's Thanks to Pe-ru-na.

ROBERT DOWNING, THE FAMOUS TRAGEDIAN.

In speaking of Peruna, Robert Downing, the famous tragedian, says:

"You may notice that persons in poor health always find the heat most intolerable; this I avoid by using Peruna. I know by the thermometer that the weather is hot, yet I have felt the heat less this summer than ever."

"I find Peruna a preventative against all sudden summer ills that swoop upon one in changing climates and water. It is the finest traveling companion and safeguard against malarial influences."

"The cooling action of Peruna on the mucous membrane makes it invaluable to actors and singers, as it does away with that tendency to sudden hoarseness so apt to overtake one on emerging from a hot dressing room to a draughty stage."

"To sum it up Peruna has done me more good than any tonic I have ever taken,"—Robert Downing.

Dr. Hartman was the first physician in the United States to accurately describe systemic catarrh. His remedy, Peruna, the only systemic catarrh remedy yet devised, is now known all over the civilized world.

SOCIETY

"In the month of June, the month of leaves and roses, when pleasant sights salute the eyes and pleasant scents the noses."

Surely no one can complain of the want of activity in social circles the past week. Every day, and several times a day have society people donned their "glad rags" and sallied forth to elaborate functions.

Many of the entertainments were given in honor of Miss Grace Pettigill, and Miss Dora Hellfach, brides of the coming week. Mrs. Isaac Tuteur, one of the old time residents, who is the guest of her son, Mr. Morris Tuteur, and now a resident of Chicago, and Mrs. Levy of Newark, N. J., were also entertained at a number of pleasant companies. The literary clubs have all adjourned for the summer and the newly elected officers are busy arranging for the work of the coming year.

The month of "leaves and roses" promises to be as full of life and activity as the present one has been. Outdoor recreations will be more popular than usual now that Pettibone and Myrick parks have been made so attractive. The formal opening of Schaghticoke club will take place on Decoration Day, although many have been improving the pleasant days and doing considerable practice on the links. The club house has been thoroughly renovated and many improvements added and under the regime of Mrs. Smith, the new caterer who has wide experience, the outlook for the coming season looks very flattering and there will no doubt be more private entertaining there than usual by the members of the club.

Notes and Announcements.

The first table d'hôte dinner at the Country club will be served this evening, if reports are true.

There will be special musical services at the Congregational church tomorrow. The high school glee club will assist the choir in the evening, the music consisting of patriotic songs.

Mrs. Nimmo's of North Eleventh street entertained the society of the First Spiritualist church at her home Thursday afternoon.

Mrs. S. L. Meister entertained the Woman's Guild of Christ church here Thursday afternoon at the guild rooms.

The marriage of Miss Mary A. Kaufman to Joseph Blachink will take place at St. Joseph's cathedral Wednesday, May 3rd. A reception will be held at the home of the bride's parents.

HANKERCHIEF BRIDGE.

A delightful and novel entertainment was given at the Country club Friday by Mrs. F. P. Hixon in honor of her guest, Mrs. Hovey C. Clarke of Minneapolis. A luncheon was served at one o'clock after which the guests sat down to a game of bridge. There were four tables of cards and as the name would imply handkerchiefs were an important factor. At the beginning each guest was presented with a beautiful silk chatelaine which was suspended at the waist and destined to hold the dainty sheer handkerchiefs which were awarded the players at the end of the rubber. Mrs. Jessie Pettibone received a beautiful handkerchief for the largest score. To further carry out the idea the large round table was covered with a spread made of handkerchiefs the centers being covered with roses set together with bands of lace. Several vases filled with pink roses were placed upon the table. The mantle was banked with green and white. Later in the afternoon the company was increased by a number of other guests who were served with coffee and cake. It was the first function given at the club this year and proved a very delightful one. Those who were present at the luncheon were Mrs. Clarke of Minneapolis, Mesdames Van Steenwyk, J. M. Hixon, Abbey Burton, George Burton, F. H. Hankerson, James Taylor, Andrew Lees, Jessie Pettibone, J. S. Medary, W. R. Finch, Mrs. J. C. Hixon, W. W. Cargill, E. L. Colman and Miss Margery Sill, W. E. Sawyer.

WEDDING SHOWERS.

Thursday afternoon Miss Jane Beisel gave a tea followed by a shower of kitchen utensils for Miss Grace Pettigill. It was a delightful affair and the guest of honor was the recipient of many bright and shining culinary articles which will add to the beauty and attractiveness of the kitchen in her new home as well as making it a pleasure. The guests were the Mesdames Grace Pettigill, Ina Higbee, Katherine Paul, Margery Sill, Maude Pettigill, Anne Paul, Gertrude Norbeck, Margaret Marston, Gertrude and Lucy Hogan, Frances Sill, Fanny Losey, Irene Burroughs, Jessie Holway, Georgine McDonald, Mrs. Cassels of Chicago, Mesdames J. L. Pettigill, C. N. Moller, Fred Phillips, John D. Hogan, W. A. Thompson and Jessie Pettibone.

Thursday afternoon Mrs. Fred B. Smith entertained a number of friends at the Stoddard in honor of Miss Dora Hellfach, one of the first of the June brides. A six o'clock dinner was served in the private dining room which had been elaborately decorated

with beautiful flowers. In the center of the large round table was a handsome silver candelabrum capped with dainty green shades. At each end of the table were tall crystal vases with pink and white peonies. Scattered over the white damask were sprays of white ribbon. The plate rail was banked with masses of bridal wreath and a tangle of foliage. Large vases filled with the same dainty blossoms and green leaves were arranged on small tables around the room. Covers were laid for sixteen. A jollier and more appreciative crowd never graced the banquet board at the Stoddard before. After a most elaborate menu the guests retired to the parlor where they filled out the evening in jest and merriment. In the midst of their merriment a sudden shower came up which, however, did no especial damage as it only affected the ride-elect and consisted of many packages daintily tied with fancy ribbons containing gifts of linen which as they were unwrapped went the rounds and were duly admired and commented upon.

The guests were Miss Hellfach, Mesdames W. A. Wiggens, J. B. Funke, John Hogan, Fred Heil, F. N. Funke, John Bayer, Calvin Baker, Alfred Langenbach, E. J. Evans, the Misses Grace Twigg of Ashland, Fairy Holley, Maude Pettigill, Eva Horner and Alice Wheeler.

Those assisting on the day following were Mesdames Alfred Harrison, E. L. Spicer, Andrew Boyd, J. S. Lowe, P. H. McGinnis, Abram James and the Misses May and Grace James.

This afternoon Miss Margery Sill entertained at a tea for Miss Grace Pettigill. The hours were from four to six. The decorations consisted of lilies of the valley which were used with the greatest profusion in every available place. Mrs. W. A. Thompson

son poured tea assisted by the Misses Ina Higbee, Helen Bellrue and Nan-nie Funk. Mrs. J. M. Hixon served the ice cream assisted by Miss Katherine Paul, Miss Eleanor Marston and Miss Edna Osborne. Mrs. Jessie Pettibone, Mrs. Cassels and Mrs. Robert Hyde served the punch.

Wednesday Mrs. T. H. McWilliams and Heaunt, Mrs. Chenoweth of Decatur, Ill.

Mrs. T. P. Benton and Mrs. W. A. Pryor gave two large teas during the week at the home of Mrs. Pryor on Sixteenth street. The rooms and tables were prettily decorated with violets and lilies of the valley. At the first tea which was on Thursday the assisting women were Mesdames George Powell, A. O. Hunt, Wm. Woodcock, E. R. Burke, Frank Cook, W. E. Barber, and the Misses May and Grace James.

TALKS OF ALASKA.

Mrs. D. A. McDonald had as her guest last week Mrs. Lena S. Walton of Nome, Alaska. She is an unusually intelligent and interesting woman. She was one of the first women to go to Alaska. She endur-

ed all sorts of hardships and privations and was often in most perilous places, several times nearly losing her life. At one time she with a number of others in trying to make a short cut were caught on an ice floe and carried out to sea where after three days they were rescued by a government vessel. When picked up she was unconscious and was with difficulty resuscitated. Mrs. Walton is well known in commercial circles and is called the Hetty Green of the west, on account of the many enterprises that she is connected with. She was on her way to New York to buy machinery for some of her mines. From there she will go to Liverpool where she will meet prominent persons interested in the mines at Alaska. She is a person of wonderful personality and relates her experiences in an interesting and realistic manner, having a great fund of language at her command. All who met this woman were fascinated with her accounts of her travels and life in Alaska.

JUVENILE PARTIES.

Tuesday afternoon Maud Robbins entertained a few of her little friends in honor of her sixth birthday. The guests were Elen Hankerson, Jack Brindley, Eleanor Edwards, Theodore Montague, Helen Burke, Caroline Schweizer and Clarke Crosby.

Those present were Aileen Schroeder, Gretchen Salzer, Jack Brindley, Gerald Westby, Wilbur Rau, Cora Carpenter, Ellen Hankerson, Margaret LeMay, Lester Banskberg, Harry Packman, Arthur Jones, Arthur Meister and Orlando Hansen.

ONE GREAT CENTRAL ORGANIZATION.

The suggestion made by President Tschanner at the Progressive association banquet that this splendid organization, the Board of Trade and the Merchants' Association be united into one powerful civic machine is one that deserves careful thought. It must not be concluded that this can be brought about without objection and without hitches and obstacles. However, the great potency of the proposed amalgamation of various public societies is a sufficient reason for taking the idea seriously, and there seems no good and sufficient reason why the plan cannot be successfully worked out.

There are many little difficulties to be encountered, among them the consent of the various bodies, and the graduation of the membership fees to meet the proper proportion of benefits derived among the members. What members respectively can afford, and what they profit, is the just basis, but it will be seen that in arranging a schedule covering more than one thousand names a nice task awaits the promoters. It is far from an impossible undertaking, however, and it promises so much that the effort is well worth while.

It has been suggested that the separate organizations need not lose their identities because of the consolidation. They could meet in mass meeting to discuss affairs of general importance, while the separate work falling to the Merchants' Association, the Jobbers' Union, etc., could be continued. This is a mere matter of detail, since the fact of consolidation is the central principle involved. If it is undertaken, those assuming the work may feel assured of the undivided support of all who want to see things boom in La Crosse.

MAYOR WILLIAM TORRANCE.

Mayor Torrance will not be led to believe that The Tribune is unfriendly to him because of any newspaper talk. He may and he may not agree with us as to the law governing the city printing; we have not asked him, nor do we propose to annoy him with matters of a personal nature. He has a right to his opinion, and happily he is a man who has opinions on all important subjects. The Mayor knows that The Tribune supported him because he was its choice—would have supported him independent of politics. We were eager and felt honored to aid as we could his election. On the contrary Mr. Mahoney was not our choice of democratic attorneys for the office he now holds, and we consented to his selection rather than advised it. In the Mayor's judgment he was the proper man, and the Mayor may be expected to stand by him in every honorable way. We say we do not know whether Mayor Torrance agrees with us as to the law, or not; we will lay a small wager, however, that he is not in favor of paying 60 cents per folio to conspiring newspapers if in his judgment the law provides a way to avoid it.

FATHER MURPHY ON HARMONY.

Beneath the sparkling humor of his address there is always a vein of seriousness and a display of deep thought accompanying the public utterance of Rev. Ambrose Murphy. Happy indeed the teacher who can clothe in smiles the gravest lessons, so that we take his keenest admonitions with present pleasantness and sensible afterthought.

In his address before the Progressive Association Father Murphy mentioned two conflicts—one the war in the far east, the other the newspaper war here at home. He intimated a desire to stop the latter. If he were seeking an easy task, he should in preference have tried to check the former. We may be in error as to the facts, but we believe we are right. If we are right, this conflict means more than the existence or the failure of a newspaper or newspapers; it is a struggle to the end to determine whether individual selfishness or broad public enterprise shall control and direct the destiny of this city. It is bad to quarrel and bicker and to descend to personalities, and doubtless we frequently let the animal prevail and drop beneath the lofty plain upon which such a battle should be waged. But even so, it is at worst bad method in a good cause. If our most esteemed Father will pardon the liberty, we would like to suggest that he is regarded as a strong La Follette man. Did Governor La Follette bring "harmony?" What would he have accomplished had he extended the olive branch to the Pfister public service element of his party? Yet it is that same faction locally that we are fighting. We venture to say that not once in his mature years has Father Murphy cast a pleasant glance at our "harmony's" sake. And so, if we think we are right, we too, must continue to wield the sword. "Harmony" bought by a compromise with evil is a poor solace to the conscientious mind. We had better combat what we honestly believe to be wrong than to ignore it, even though we ourselves be ignorantly in error.

If we have transgressed in thus debating with Father Murphy, we beg him to scrutinize our excuse with kindly eye. It is because we attach so much weight and value to his good opinion that we have presumed to enter into public discussion of this matter. He has made us think, and had we concluded that we were engaged in a purposeless duel we would have said so as frankly as we now say that we can see no honorable way to discontinue this unpleasant strife.

THE PHILADELPHIA MONSTROSITY.

The conspiring aldermen of the city of Philadelphia who are in the midst of an attempt to sell the city's gas plant upon terms meaning the loss of millions to the people, have been checkmated for the present by Mayor Weaver. The public is aroused, and the aldermen are having a hard time to face their angry constituents. It would seem better were each and every one of them forced to face a grand jury. It is to be hoped that this most colossal of public steals, hiding as it doubtless does a world of corruption, may be finally prevented, and that somebody may pay for the greatest piece of rascality that has every stalked defiant through the unhappy city that already has known too much graft.

"PAP," PROSPERITY AND A MORTGAGE

"The vicious and libelous attacks ***** will only serve to accentuate the bucanering character of the Candrian-Barber-Brayton campaign to secure some much needed 'pap' for their starving newspapers. ***** The success and profit of the Leader-Press is in no way dependent upon contracts for public printing."—Leader-Press.

"Their starving newspapers" are willing to do the city printing for half the "pap" demanded by the Leader-Press, and by the way, there is nothing of record against "their starving newspapers" that forecasts the auctioneer's hammer. When that mortgage against the Leader-Press is paid people will be able to read such rot without a chuckle; until then the public will not take much (common) stock in the Organ's cheerful prattle.

There are still many democrats who regard the party as competent to manage its own affairs—Leader-Press.

There were at least thirteen of them when the Organ got its solar plexus jab at that last council meeting.

Pa is mad, and the rest are glad...
And they all know what would please him:
A market for his Common Stock,
And some print "pap" to appease him.

WANT CONSTITUTION CHANGED

BY ROBT. E. KNOFF.

(Special Tribune Dispatch.)

MADISON, Wis., May 27.—That the constitution of the state of Wisconsin has become a thing of shreds and patches, outgrown and unsuited to the needs of the commonwealth were the arguments which impelled the assembly committee on judiciary Thursday afternoon to agree upon a favorable report on the joint resolution to submit to the people a proposition to call a constitutional convention for the purpose of revising and bringing up to date the fundamental law of the state. Assemblyman LeRoy of Marinette and Speaker Lenroot of Superior were the principal speakers before the committee in favor of the resolution. They argued that the conditions in the state had changed so

much in the fifty years that the constitution had been in force that it had become inadequate for the protection of the people against the inroads of the modern corporations, combinations and trusts, and that the legislature was unable to adequately provide by law for the regulation of these mighty industrial developments. There is a strong sentiment of reluctance among the legislators to take any steps toward tinkering with the constitution and the adoption of the resolution by both houses is by no means assured.

OPPORTUNITIES AT OACOMA, S. D.

The town of Oacoma, Lyman county, South Dakota, is located on the west bank of the Missouri river, opposite Chamberlain. With the completion of the Lyman county extension of the Chicago, Milwaukee & St. Paul railway, Oacoma will become the distributing and shipping point for a populous and productive area larger than the state of Vermont. The town-site is beautiful, well drained, has the advantage of railway and steamboat transportation and is bound to become one of the most important trade centers of South Dakota.

About June 1 there will be a sale of town lots offering excellent opportunities for profitable investment. Business men who are seeking good locations for mercantile enterprises will do well to identify themselves with Oacoma. Watch for dates of excursions for the sale of Oacoma town lots.

SOAP CARNIVAL AT J. J. POEHLING'S STORE

UNIQUE SHOW IS ON DISPLAY

If cleanliness is next to godliness, the place to get next is at J. J. Poebling's great store. There is soap enough in their window today to cleanse the Great Unwashed. This is no soft soap. It is a high quality facial soap that is sold everywhere at 10 cents the cake. It is offered for a limited period by the Poebling company at 5 cents, the object being to more generally introduce it.

The unique advertisement that appears in the Poebling show window is indeed interesting. It shows the front view of the national capitol and presents a capital appearance. Every detail of the famous building, from the massive Arch of Triumph to the Chariot of Progress and the Column of Liberty, is presented in Royal Cuticle Soap with accuracy and art that surprises and pleases the eye. Hundreds of people are looking at the window; then they go inside, and there they are sold soap by a clerk who stands behind a counter of soap behind which is an ornamental back-cabinet of soap, in which there is more soap. My, suds! But it's a unique affair.

Runaway Creates Excitement

A heavy farm team created considerable excitement in a runaway on the downtown streets yesterday at about noon.

The team became frightened near the Northwestern depot, and dashing up street hurled the driver from the wagon and swerved suddenly into the alley between Fourth and Fifth streets.

of Vine. They continued on their wild gallop down this alley, fortunately not striking anything until they reached the rear entrance to the Park store. Here they collided with one of the J. C. Burns trucks loaded with fruit.

The horse ran squarely into the Burns wagon and upset the team, pulling it and scattered fruit over the entire neighborhood. The farm wagon was then thrown across a telephone pole, and the horses jerked themselves loose and continued on their mad course.

The Burns team was badly bruised and the harness almost demolished. The wagon was turned squarely around in the hallway.

The owner of the farm team is not known.

SUPERIORITY COMMANDS POPULARITY

THIS IS TRUE WITH

Old Style Lager

All Leading Brewers use choice Hops and Malt, to brew according to the most approved methods and machinery, and sterilize their bottle beer. All leading brewers brew and place on the market an acceptable bottle beer. However, there is an individuality in all trades, and this we claim for OLD STYLE LAGER. This individuality we call our own. We term it our "SNAP."

RECURRENCE OF CHICAGO RIOTS FOLLOWS SPREAD

42 ARRESTS FOLLOW SCRIMMAGE OF RIOTERS

Many Rowdies go Armed—Peace Talk Always Present

Chicago, May 27.—With the fiftieth day of the teamsters' strike comes the most serious apprehension of a great spread of the industrial disorder that has marked the progress of the unsettled conditions. Lumbertown and its conditions hold the key. Carpenters are restive and some are refusing to continue at work where "unfair" lumber is used. Thirty of these union workmen have struck. The Carpenters' district council has not ordered action, but 15,000 carpenters may be involved, if the individuals persist in their hostile attitude, which is practically approved by the union officers.

Fitted Battle in the Streets.

Forty-two men were arrested in a pitched battle between strikers and police. The street affray followed an attack on an American Express company's wagon which had become stalled at the Madison street bridge. At the lumber yards mobs attacked caravan after caravan and the police had to shoot in order to force a passage for the wagons manned by non-union drivers.

Mob Was Quickly Dispersed.

The dispersing of the mob at the bridge was done so quickly that the rioters had little time to think of escape from the blows rained upon them by Lieutenant O'Connor's flying squadron, and within three minutes of the arrival of the police forty-two men, in six patrol wagons, were on the way as prisoners to the Desplaines street police station. Lieutenant O'Connor, at the head of his squadron, saw several men standing at windows throwing bricks and, running upstairs, arrested the offenders, taking them to the police station.

Disorder in the Lumber District.

A running fight, in which Policeman Baginski, of the Hinman street station, fired six shots at rioters, occurred in Ashland avenue between West Twenty-first and West Twenty-second streets. A crowd of men had congregated at Ashland avenue and West Twenty-second street and all morning had been throwing stones and raising a disturbance with lumber wagons that passed. Three officers from the Hinman street station followed a short distance behind one of the vehicles. As the strike sympathizers started to cause disorder this time, the policemen charged the crowd which broke and ran, the officers giving chase. Then there was rioting at Morgan and Thirty-fifth streets, where the rioters used slungshots, and at various other points.

Mayor Dunne said he had heard of no peace moves, but the Associated Building Trades is to meet to decide whether its members shall use "un-

fair" lumber or other supplies. Before Master-in-Chancery Sherman, Attorney Mayer examined President Shea. Attorney Mayer opened up a line of questioning seemingly in an effort to reveal something in the past life of the man who is now commanding the strike forces in the great industrial dispute with the Employers' association. Adjournment was finally taken without developing anything except that Shea did not know several persons in Massachusetts that Mayer wanted him to know.

James Barry, business agent of the express drivers, was also examined, but he took refuge as to every question that was material to the inquiry behind his privilege not to reply if the reply might incriminate him. During the examination of Shea Attorney Le Bosky kept raising objections to the line of questioning and Mayer shut him off by saying: "I have the power to have you committed for contempt of this court in constantly objecting to the master's rulings. I hope you will remain quiet so that this proceeding will not become necessary."

The justices of the peace seem to be getting tired of having men brought before them for rioting, and are fining them heavily, instead of letting them off easy. James Gordon was arraigned before Justice Caverly charged with disorderly conduct. Gordon is said to have jeered at non-union teamsters. He was fined \$100 and costs. Frank Berg, a union pressfeeder, was arraigned before Justice Prindiville, charged with having thrown a stone at Detectives Qualey and Gleason, who were guarding a wagon belonging to the Boston store. He was held to the criminal court in bonds of \$300.

J. A. Hozeloder, a union teamster, was charged with driving his wagon over the hoof of a horse belonging to the Boston store. Justice Prindiville held him to the criminal court in bonds of \$1,000. Nels Jensen, a union sympathizer, was fined \$25 and costs by Justice Underwood at the Thirty-fifth street police court, because of attempting to block a caravan of non-union wagons at Thirteenth street and Washburn avenue last Monday.

PIPE STORIES TELL OF MOVEMENTS OF FLEETS

Tsingtau, May 27.—A private telegram received here says that the Russian Vladivostok fleet has left Vladivostok, going in a southerly direction. The whole of Rojestvensky's fleet is off Woosung. A Shanghai dispatch says that Rojestvensky has divided his squadron, and that seventeen of his vessels anchored at the Saddle islands Thursday night, but went north later.

Tokio, May 27.—It is believed here that the action of the Russians in sending some vessels to Shanghai is part of a diversion plan to draw off a part of the Japanese fleet. It is thought that possibly the Russians intend to intern the slower craft, but the visit and withdrawal of the faster vessels is considered as being without purpose unless as a diversion.

Location of the Fleets a Secret.

The whereabouts of Admiral Rojestvensky's fleet is not reported, and opinion is divided as to whether it has entered the Pacific or returned to the lower Chinese coast. The location of Admiral Togo's fleet continues to be secret. Popular feeling is undisturbed and the Japanese public is confident that Admiral Togo is prepared to meet any situation.

Explanation of the Dispatches.

London, May 27.—The report from Tsingtau, the port of the German concession at Kiaochow, Shantung peninsula, is in all probability a magnified version of the dispatch of the Associated Press from Shanghai saying that it was reported there that certain Russian vessels had arrived at the mouth of the Yangtze river Thursday afternoon. Both Woosung and Shanghai are on branches of the Yangtze river. Five steamers of the Russian volunteer fleet, three colliers and one Russian cruiser, were the vessels reported to have arrived off the Yangtze river. Later the cruiser put to sea and three of the volunteer fleet vessels went to Woosung.

Story Is Probably Romance.

It is probable that the Chinese ashore exaggerated this report into a statement that the whole Russian fleet was assembling off Woosung. No news has been received from any other point tending to alter the facts cabled from Shanghai, and there is no doubt that if the Russian fleet really had assembled off Woosung such important news would have been flashed from Shanghai, which is only eleven miles south of that place.

MISTCHENKO'S CAVALRY RAID

Linevitch Reports That It Was Both Successful and Brilliant. St. Petersburg, May 27.—News of a successful cavalry raid by Lieutenant General Mistchenko comes in the following dispatch from Lieutenant Gen-

eral Linevitch to the emperor, dated May 25: "A cavalry detachment commanded by Lieutenant General Mistchenko, composed of a portion of the South Caucasian brigade and trans-Baikal Cossacks, while engaged May 17 in repulsing the enemy to the southward approached Sinjountchouan. On May 18 squadrons of the vanguard succeeded in reaching the Fakoman road, where they burned a stores depot and destroyed the telegraph for a considerable distance. Large bands of Chinese bandits encountered by the detachment were partly annihilated and partly dispersed."

"On May 19 the main body arrived at the Fakoman-Shifudzy road, and found the heights south of Fakoman occupied by a large Japanese force consisting of guards and infantry, with machine guns. The Russians attacked and annihilated two Japanese companies and captured another company with all of its officers and two machine guns."

"The Russians seized a road on the right bank of the Liao river and dispersed near Shifudzy a large convoy with rice, tinned food and fruit, destroyed the telegraph line and took several prisoners and 100 horses. On the return journey the Russians dispersed several bands of Chinese bandits. The prisoners number five officers and 234 men."

ALFALFA BY IRRIGATION YELLOWSTONE VALLEY, MONTANA.

There are more than 60,000 acres of land watered by irrigation ditches and peculiarly adapted to the raising of alfalfa, for sale in the Yellowstone valley west of Billings, Mont.

The soil varies from gumbo to sandy loam, and alfalfa does well on all of it. The following figures show what alfalfa will do on irrigated, as compared with common hay on unirrigated, land.

One acre sown to alfalfa and irrigated, will produce 10,000 pounds of hay.

One acre in enclosed pasture, 500 pounds.

One acre of range averages 250 pounds. Or again:

One acre of irrigated alfalfa will feed one steer 400 days.

One acre of enclosed pasture will feed one steer 20 days.

One acre of average range will feed one steer 10 days.

Or putting it in the form of sheep, it will show as follows:

160 acres of irrigated alfalfa will maintain 1600 sheep one year.

160 acres of enclosed pasture will maintain 80 sheep one year.

And 160 acres of range will maintain 40 sheep one year.

Monday Begins
